Homework / Science Fair

I have read the Science Notebook/class guidelines letter and seen my student's class syllabus **AND science fair project schedule**. I know that this is an advanced class and **will exceed** the weekly homework time of 2 hours. I am also aware that there is **NO LATE WORK** accepted for science fair work. Classroom late work will receive a loss of 75% of the points the first day it is unexcused late, and 0 points if it is later than 1 day. I am also aware that my student will receive nothing higher than a G in citizenship if there are **3 “unexcused”** late science fair assignments.
